SUBJECT INDEX

Acetaldehyde,
internal rotation in nitrosomethane and acetaldehyde: incremental effect of deuterium substitution on the potential for methyl torsion 187
Acetaldehyde,
torsional motion in acetaldehyde studied by microwave and double resonance spectroscopy 227
Acetylene,
microwave rotational spectrum and properties of a hydrogen-bonded dimer formed by trimethylamine and acetylene 137
Adiabatic approximation,
on the adiabatic approximation in vibronic problems 43
α-Alkyl-ω-alkoxyoligo-(oxyethylene)s,
Raman spectroscopic studies of molecular conformation of α-alkyl-ω-alkoxyoligo-(oxyethylene)s. Part I. α-Butyl-ω-butoxymono-, bis- and tris(oxyethylene)s 249
Allene···HF,
models for hydrogen-bonded π systems: ethylene···HF, allene···HF and cumulene···HF 121
ArHF,
the potential function of ArHF 25

Betaine monohydrate,
hydrogen bonding. Part 26. Thermodynamics of dissociation and infrared spectra–crystal structure correlations for betaine monohydrate and trimethylamine oxide dihydrate 373
Bipyridinium dications,
resonance Raman studies of charge-transfer complexes of bipyridinium dications 329
Borane,
infrared and Raman spectra, conformational stability and normal coordinate analysis of ethyldimethylamine-borane 257

α-Butyl-ω-butoxymono-, bis- and tris(oxyethylene)s,
Raman spectroscopic studies of molecular conformation of α-alkyl-ω-alkoxyoligo-(oxyethylene)s. Part I.α-Butyl-ω-butoxymono-, bis- and tris(oxyethylene)s 249

Charge-transfer complexes,
resonance Raman studies of charge-transfer complexes of bipyridinium dications 329
CH_3OH–formamide,
electric-dipole moments of H_2O–formamide and CH_3OH–formamide 165
Clusters,
a comparison of infinitesimal rotation, quaternion and direction cosine coordinates in the dynamics of molecular clusters 129
Cumulene···HF,
models for hydrogen-bonded π systems: ethylene···HF, allene···HF and cumulene···HF 121
Cyclic dimers,
H-bonded open and cyclic dimers in the gas phase 55
Cyclobutyl acetylene,
the structures, dipole moments and relative energy of the conformers of cyclobutyl acetylene by microwave and ab initio methods 11
Cyclopropylamine,
comparison of the association of cyclopropylamine and n-propylamine 339

2,2′-Dicyano-4,4′-bipyridine,
crystal structure, Raman and resonance Raman spectroscopic studies of the dimethyl diquarternary salt of 2,2′-dicyano-4,4′-bipyridine and its radical monocation 319
Dimer chain complexes,
resonance Raman spectra of metal II/IV dimer chain complexes of platinum and

palladium. Analysis of the component structure to the band assigned to the symmetric XMX chain stretching mode (X=Cl or Br) 173
Dioxygen,
metal ion effect on vibrational frequencies of bound dioxygen in model compounds of heme proteins: Fe(II) versus Co(II) 293
Dioxygen monofluoride,
the infrared vibrational intensity of gaseous dioxygen monofluoride 301
trans-1,2-Divinylcyclopropane,
molecular structure and conformational equilibrium of *trans*-1,2-divinylcyclopropane studied by gas phase electron diffraction 345

Ester group,
dipole derivatives and infrared intensities of the ester group. An ab initio and force field study of methyl acetate 383
Ethyldimethylamine,
infrared and Raman spectra, conformational stability and normal coordinate analysis of ethyldimethylamine-borane 257
Ethylene···HF,
models for hydrogen-bonded π systems: ethylene···HF, allene···HF and cumulene···HF 121
Ethyleneurea,
the conformation of ethyleneurea from microwave spectroscopy and ab initio computations 81

$[Fe(CO)_4^-]_2$,
EPR spectrum of the ion-pair $[Fe(CO)_4^-]_2$ in irradiated crystals of $PPN^+HFe(CO)_4^-$ 1

Gramicidin A,
infrared attenuated total reflection spectroscopic studies on the hydration of the gramicidin A transmembrane channel 31

HCl
interactions of molecules with HCl in the gas and matrix phases 211
Heme proteins,
metal ion effect on vibrational frequencies of bound dioxygen in model compounds of heme proteins: Fe(II) versus Co(II) 293
H_2O-formamide,
electric-dipole moments of H_2O-formamide and CH_3OH-formamide 165
Hydrogen halides,
electrostatic models of hydrogen-bonded dimers: a donor-acceptor scale for hydrogen halides and pseudohalides 203

Keto-ether,
determination by GC/FTIR of the structure and stereochemistry of the products obtained by the action of sodium on an allylic keto-ether 279
Krypton-phosphorus trifluoride,
the microwave spectrum and structure of krypton-phosphorus trifluoride 105

Linear dimers B···HCN,
r_s-type coordinates in weakly-bound dimers: application to linear dimers B···HCN where B=CO, N_2 and HCN 153

Malic acid,
conformational aspects of malic acid, a multidisciplinary approach 65
Mannich bases,
collective proton motion in a hydrogen-bonded system in disubstituted protonated Mannich bases: an FTIR study 243
Methyl acetate,
dipole derivatives and infrared intensities of the ester group. An ab initio and force field study of methyl acetate 383
3-Methylpyridazine,
vibrational spectrum and internal rotation in 3-methylpyridazine 307

$N_2 \cdot CO_2$,
determination of the structure of $N_2 \cdot CO_2$ from its infrared spectrum 111
Nitrosomethane
internal rotation in nitrosomethane and acetaldehyde: incremental effect of deuterium substitution on the potential for methyl torsion 187

Palladium,
resonance Raman spectra of metal II/IV

dimer chain complexes of platinum and palladium. Analysis of the component structure to the band assigned to the symmetric XMX chain stretching mode (X=Cl or Br) 173
Platinum,
resonance Raman spectra of metal II/IV dimer chain complexes of platinum and palladium. Analysis of the component structure to the band assigned to the symmetric XMX chain stretching mode (X=Cl or Br) 173
$PPN^+HFe(CO)_4^-$,
EPR spectrum of the ion-pair $[Fe(CO)_4^-]_2$ in irradiated crystals of $PPN^+HFe(CO)_4^-$ 1
n-Propylamine,
comparison of the association of cyclopropylamine and n-propylamine 339
Pseudohalides,
elelectrostatic models of hydrogen-bonded dimers: a donor–acceptor scale for hydrogen halides and pseudohalides 203

Sodium,
determination by GC/FTIR of the structure and stereochemistry of the products obtained by the action of sodium on an allylic keto-ether 279

Tetra-n-butylammonium fluoride–thiourea (1/3),
a quasi-isolated, hydrogen-bonded $\{SC(NH_2)_2\}_3F^-$ complex of trigonal prismatic geometry: crystal structure of tetra-n-butylammonium fluoride–thiourea (1/3) 393
Thymine,
low-frequency vibrational spectra of crystalline uracil, thymine and their 1-methyl-derivatives 239
Toluene,
gas phase vibrational spectra, band envelope and internal rotation in toluene 287
Transmembrane channel,
infrared attenuated total reflection spectroscopic studies on the hydration of the gramicidin A transmembrane channel 31
Trimethylamine,
microwave rotational spectrum and properties of a hydrogen-bonded dimer formed by trimethylamine and acetylene 137
Trimethylamine oxide dihydrate,
hydrogen bonding. Part 26. Thermodynamics of dissociation and infrared spectra–crystal structure correlations for betaine monohydrate and trimethylamine oxide dihydrate 373

Uracil,
low-frequency vibrational spectra of crystalline uracil, thymine and their 1-methyl-derivatives 239

Vibronic problems,
on the adiabatic approximation in vibronic problems 43
Vinylcyclopropane,
molecular structure and conformational equilibrium of vinylcyclopropane studied by gas phase electron diffraction 357

Water,
intermolecular interactions in water 89
Weakly-bound dimers,
r_s-type coordinates in weakly-bound dimers: application to linear dimers B···HCN, where B=CO, N_2 and HCN 153
